WHAT MAKES HER PRACTICE SPECIAL

Thorough, gentle dental care and a caring, friendly staff help patients relax

and rest during treatment. An intra-oral camera helps Dr. Chin explain treatment and personalized preventive dental programs. The connection between oral and overall health with regular follow-up is also emphasized.

PROUDEST ACCOMPLISHMENTS

Dr. Chin and staff are grateful for the friendships and the "at-home" atmosphere shared with patients in their convenient, comfortable ground floor office. Each patient's improved oral health reflects the partnership, trust and confidence Dr. Chin has developed with her patients.
